FOREWORD

There are no words which is worthy saying except to extend all the praise to Allah Swt. Because of all of His blessing, mercy, and guidance upon all of us, we are able to take the benefit from His blessing, at least we are still breathing and can complete this proceeding of the International Conference held by FTK UIN SMH Banten.

Sholawat and salam may everlastingly be upon our adoration, Great Prophet Muhammad SAW His family, His companion, and those who follow them in goodness so that we should know that he had guided and led us from darkness into the shining bright path.

Alhamdulillah, this 1st Annual International Conference on Islamic Education and Language (AICIEL) held in FTK UIN SMH Banten Campus had been conducted to provide an international forum to present, discuss and exchange innovative idea and recent development in the field of Islamic Education and Language.

This proceeding compiles all the articles of the participants presented in the parallel session after they had the main Conference in the main hall. This proceeding hopefully can contribute some thought and solution to the society especially the bureaucrats in deciding the policy of education and the practitioners in conducting the teaching and learning process based on the social needs to answer the 4.0 industrial era challenges.

The articles in this proceeding are clustered based on the topics discussed, namely English, Arabic, Islamic Religious Education, Teacher's Education for Elementary School, Islamic Educational Management, and pre elementary Islamic education. Since then this international Conference and the proceeding entitled the International Conference on Islamic Education and Language.

Efforts taken by peer reviewers contributed to improve the quality of papers provided constructive critical comments, improvements, and corrections to the authors are gratefully appreciated. We are very grateful to the International Advisory committee, session chairs, students' volunteers and administrative assistants who selflessly contributed to the success of this Conference. Also, we are thankful to all authors who submitted papers, because of which the Conference became a story of success. It was the quality of their presentations and their passion to communicate with the other participants that really made this Conference series a gran success

Conference Chair 2019

Dr. H. Abdul Muin Bahaf, M.M.

FOREWORD

There are no words which is worthy saying except to extend all the praise to Allah Swt. Because of all of His blessing, mercy, and guidance upon all of us, we are able to take the benefit from His blessing, at least we are still breathing and attend this International Seminar well.

Sholawat and salam may everlastingly be upon our adoration, Great Prophet Muhammad SAW His family, His companion, and those who follow them in goodness so that we should know that he had guided and led us from darkness into the shining bright path.

It is our pleasure to welcome you to the 1st Annual International Conference on Islamic Education and Language (AICIEL) held by FTK UIN SMH Banten. A major goal and feature of it is to bring the Islamic Educators and language teachers to exchange and share their experiences and research results about most aspects of Islamic Education and Language, and discuss the practical challenges encountered and the solutions adopted. Delegates have a wide range of sessions to choose from and have a decision in deciding which sessions to attend.

I would like to thank the chairman of the program, the members of the program committees and reviewers. They have worked very hard in reviewing papers and making valuable suggestions for the authors to improve their work. I also would like to express our gratitude to the external reviewers, for providing extra help in the review process, and the authors for contributing their research result to the conference

These Proceedings will furnish the educators with an excellent reference book. I trust also that this will be an impetus to stimulate further study and research in all these areas.

I thank all authors and participants for their contributions

Serang, 19 November 2019

Dean of FTK UIN Banten

Subhan
